Dr Neerasha Ramsamy qualified with her masters in chiropractic at the university of Johannesburg. She is currently practicing in Johannesburg, South Africa and is the founder of an integrative wellness centre called Thrive Family Wellness.

She also serves as an executive team member of the African Chiropractic Federation as well as a committee member of the World Federation of Chiropractic committee in relations with the World Health Organization.

She has given talks on pediatrics and pregnancy on regional and international stages and has a clear vision for the profession in Africa and beyond.
